

The Minnesota Transportation Museum at Jackson Street Roundhouse

Family Fun!

The Minnesota Transportation Museum at Jackson Street Roundhouse is offering the following discount for all 3M Club Members on all tickets and programming! (Special Events included!)

The discount will be good for train rides on our Osceola and St. Croix Valley Railway rides in 2021 as well and those tickets go on sale in early spring. We have the two locations that we operate, the Osceola season was cancelled for 2020 but the discount works system-wide between Jackson Street Roundhouse and the Osceola and St. Croix Valley railroad in Osceola, WI.

They also host private dinner trains and group charters if the 3M Club would like to book a private train. The cost is very affordable for groups, typically starting around \$700.

The discount is \$5.00 off general adult admission and family fares on all events and train rides on their Osceola and St. Croix Railway rides in 2020 and early 2021.

The code which is **themining**, can be used on their website at www.trainride.org. They are also allowing the discount at the Jackson Street Roundhouse at the ticket window with presentation of a 3M badge or Retiree identification!
